

# INTERNATIONAL SYMPOSIUM ON LIGHT AND LIFE

14-16 October, 2015

Jointly organized by

Commission on Science and Technology for Sustainable Development in the South (COMSATS)

COMSATS Institute of Information Technology (CIIT) and

Abdus Salam International Centre for Theoretical Physics (ICTP)

## INTRODUCTION

A three-day International Symposium on 'Light and Life' is being organized at COMSATS Institute of Information Technology (CIIT), Islamabad, from 14 to 16 October 2015 to celebrate the UNESCO International Year of Light. This event is intended to provide a platform for discussing advancements in the study of light and light-based technologies, and its role in sustaining and enhancing the quality of life on this planet.

The Symposium will consist of plenary sessions, invited and contributed talks, poster/ workshop sessions and an exhibition. Renowned scientists and experts on light and light-based technologies from US, Europe, COMSATS Member States, South Asian universities and R&D Organizations are expected to contribute to the symposium as resource persons. Morning session on the third-day of the event will be exclusively devoted to scientific lectures and tutorials tailored to broadening the knowledge base of students. Researchers, faculty members, engineers, graduate and senior undergraduate students are encouraged to participate. The organizers will support a limited number of participants from COMSATS member countries with travel grants.

## TOPICS

The main topics of the Symposium are:

- Light Detection & Harvesting
- Light Emitting Devices
- Light-Matter Interactions
- Light-based Technologies
- Light and Health
- Cosmic Light
- Light in Art, Culture & Society
- Photochemistry & Photobiology
