Islamabad, The Name of Beauty

Islamabad is the capital of Pakistan and takes the honour of being one of the most charming, amazing and well-planned cities in the world. The scenic beauty, clean environment and breathtaking natural wonders make this city an incredible and exciting place to visit.

COMSATS University Islamabad (CUI)

CUI besides its principal campus at Islamabad has six fully functional campuses in other cities. The University is equipped with more than 50 research laboratories and 74 IT-enabled, air-conditioned and well-furnished lecture theatres. It is the leading University in the country. As per Times Higher Education report, it has been ranked 301-400 in Engineering and Technology for the year 2018. On the National level, CUI was ranked 1st in 2016-17, and 2nd in 2017-18.

Department of Chemistry

The Department of Chemistry at COMSATS University Islamabad, Islamabad campus was established in July 2018. The newly formed Department is equipped with three research laboratories, while the Islamabad campus has an array of leading scientific equipment. The main objective of the Department is to train the new generation through research-based education to solve tomorrow's problems. The Department has a number of foreign-qualified faculty members conducting cutting-edge research in different domains/fields of chemistry.
