Subject: **CALL FOR PROPOSALS FOR BELARUSIAN – PAKISTANI
COMPETITION OF SCIENTIFIC AND TECHNOLOGICAL PROJECTS**

Dear Sir/Madam,

I am directed to state that Belarusian Center at Pakistan Council of Scientific and Industrial Research (PCSIR) under Ministry of Science and Technology (MoST) is inviting joint research projects from scientists & engineers working in different sectors.

The project proposals may address demand-driven challenges, demonstrate an applied nature, and focus on emerging technologies. A self-explanatory "Call for Research Proposals" is attached. This initiative strives to promote collaboration among academic institutions, research organizations, and industry while enhancing business and academic connections in scientific and technological research. By leveraging the combined expertise and resources of both nations, we aim to facilitate knowledge exchange, strengthen partnerships, and advance the commercialization of high-tech and innovative products in both markets.

The deadline for submission of projects is **13th March 2025**. We look forward to receive impactful proposals that can drive scientific progress and contribute to strengthening bilateral collaboration between Belarus and Pakistan in the field of science and technology.

With regards.

(Dr. Muhammad Tahseen Aslam)
Principal Scientific Officer

MINISTRY OF SCIENCE AND TECHNOLOGY
GOVERNMENT OF PAKISTAN

CALL FOR RESEARCH PROPOSALS

Belarusian-Pakistani Competition of Scientific and Technical Projects 2025

The State Committee on Science and Technology (SCST) of the Republic of Belarus and the Ministry of Science and Technology (MoST) of the Islamic Republic of Pakistan are holding a contest of joint scientific and technological projects to foster collaborative research aimed at addressing critical global challenges through innovation and technological advancement. We invite researchers/innovators from academia, R&D organizations, and potential industrial partners in Pakistan and Belarus to collaborate on groundbreaking scientific projects aimed at addressing global challenges.

Objectives

- Foster cooperation between academia, research organizations, and industry.
- Expand business and academic links in scientific and technological research.
- Facilitate joint research projects between the two countries.
- Promote knowledge exchange through collaborations and events.
- Strengthen partnerships between universities, research institutes, and industry.
- Drive commercialization of high-tech and innovative products in both markets.

Who Can Apply?

This program is open to scientist, engineers and researchers from academia, research organizations, and innovative-industrial enterprises of both countries that are engaged in advanced research in one or more priority areas. The project proposals should address demand-driven challenges, demonstrate an applied nature, and focus on emerging technologies. Priority will be given to the projects in which counterpart from the Belarusian side is identified.

Priority Areas

- Advanced Material Science and Technology
- Nano-Technology
- Biotechnology
- Renewable Energy Technologies and Solutions
- Industrial Chemistry
- Mines and Minerals
- Smart Agriculture and Precision Farming Technologies
- Information and Communication Technology (ICT)
- Medicine, Pharmacy, and Healthcare Advancements
- Health and Food Safety Innovations
- Water Management Technologies and Solutions
- Environmental Protection and Sustainability Solution

How to Apply?

The hard copy of project proposal on the prescribed format shall be submitted to Belarusian-Pakistan Centre for Coordination of Scientific and Technical Cooperation at PCSIR Head Office, 01-Constitution Avenue, G-5/2, Islamabad, Pakistan. A soft copy of the project proposal shall also be submitted to il.sciencewing@pcsir.gov.pk. The "Terms and Conditions" and "Application Form" can be downloaded from www.pcsir.gov.pk

Submission Deadline:

**March 13
2025**
