

On April 29, Dr. Ghulam Mustafa Shah, Associate Professor at the Department of Environmental Sciences, COMSATS University Islamabad, Vehari Campus, has delivered an insightful talk as an invited guest speaker on Upcycling of biodegradable waste in Agriculture via composting during Techno Molecule 25 organized by Emerson University Multan. This was a two-day international event organized by the Department of Biosciences and Technology. The conference focused on "Emerging Technologies in Molecular Biosciences" and featured prominent scholars, researchers, and faculty members. The sessions included keynote addresses, panel discussions, and award presentations, fostering academic collaboration and innovation.
