

Department of Mathematics COMSATS University Islamabad, Attock Campus Report Fall 2023

Alumni Meet 2023

The Math Department's alumni meet in Fall 2023, backed by alumni contributions, was a successful event. Former students with various jobs shared insights, supporting the department. The event built a sense of community, giving current students useful advice and strengthening the connection between the department and its successful grads.

Farewell & Welcome Party

The Department of Mathematics students threw a warm farewell for graduating classmates and a welcome party for new students. The event buzzed with various activities, creating a vibrant atmosphere. The highlight was a delightful dinner that brought everyone together. These gatherings fostered a sense of camaraderie, bidding farewell to one group and welcoming the next, marking the transition with joy and shared moments.

BS Seminar Series

The Department of Mathematics organized an enlightening seminar series, featuring BS students presenting on diverse mathematical topics. Engaging presentations covered intriguing subjects such as magic squares, fractional derivatives, geometry's applications in construction, and a fascinating journey through the history of complex numbers. The series showcased the students' enthusiasm and dedication to mathematics, offering a platform for knowledge exchange. Attendees gained insights into various mathematical realms, fostering a deeper appreciation for the subject and highlighting the department's commitment to intellectual exploration.

Poster Presentation in Open House

Mathematics students participated in the campus Open House and Job Fair, delivering a poster presentation on the Generalized Euler Formula. The presentation showcased their expertise, attracting attention during the event. This initiative not only highlighted the department's academic prowess but also provided students with valuable exposure to potential career opportunities.
