

## Software Developer

### About Us:

iSmile Dental Software is a UK based company and have recently started operations in Pakistan. iSmile provides software solutions to the health sector around the globe.

### Job Description

We are seeking a motivated Software Developer to join our development team. The role involves application development, testing, deployment, and support for a software solutions provider in the health sector.

Technical competency in the following technologies is required:

- Proficient in .NET application development (Desktop-based using VB.Net, C#, and MS SQL)
- Hands-on experience with Windows Forms and Windows Services
- Strong knowledge of SQL, T-SQL, Microsoft SQL Server, ADO.Net, OOP principles, database concepts, and RDLC report development
- Experience working with Microsoft Visual Studio
- Familiarity with source code management tools (e.g., TFS, Git, etc.)

Team working and communication skills required, good spoken English including:

- Experience of working in a team-oriented culture (desirable)
- Providing occasional second line technical customer support
- Experience of service management tools including service desk, backup and reporting tools
- Writing operational documents and following test scripts

### Job Details

- Total Positions: 1 Post
- Job Type: Full Time/Permanent
- Job Shift: Second Shift (Afternoon) 12:00pm – 9:00pm or 1:00pm – 10:00pm
- Job Location: The Enterprise Building, Multan Road Lahore, Pakistan
- Minimum Experience: 2 Years
