

4th INTERNATIONAL CONFERENCE ON ENGINEERING AND COMPUTING TECHNOLOGIES (ICECT 2025)

13-14 Nov 2025, ISLAMABAD, PAKISTAN

CALL FOR PAPERS

TOPICS OF INTEREST

CYBER GUARD AND DIGITAL RESILIENCE

- Next-Gen Threat Intelligence
- Zero Trust Architectures and Secure Perimeters
- Digital Forensics and Cyber Crime Reconstruction
- Cryptographic Realms and Quantum Security
- Cyber Resilience and Incident Response Frameworks
- Ethical Hacking and Digital Red Teams
- IoT Security and Intelligent Perimeter Defense
- AI-Driven Cyber Warfare and Defense
- Metaverse-AR & Cyber Security

EMERGING AI IN SOFTWARE ENGINEERING

- AI-Augmented Software Development
- AI in Software Testing and Debugging
- AI for Requirements Engineering
- Ethical and Explainable AI in Software Engineering
- AI for Sustainable Software Development
- AI for Secure and Reliable Software Systems
- AI Integration with Blockchain Technology
- Intelligent Software Solution for Cloud

INTELLIGENT SYSTEMS IN ENGINEERING

- AI-Driven Wireless Network Optimization
- Generative AI in Engineering Applications
- AI and 6G Network Convergence
- Autonomous Systems and Network Control
- Intelligent Sensing and Monitoring Systems
- Advanced Robotics and Network Integration
- VLSI and MEMS Design
- AI Accelerator Chip Designs
- Industrial AI

PAPER PRESENTATION

- Researchers, academicians, and industry professionals are invited to submit their original research and unpublished papers on the topic of interest along with allied areas to the prestigious 4th ICECT, an IEEE technically sponsored conference, to be held in NUML, Islamabad.
- Accepted and presented papers will be submitted for inclusion into IEEE Xplore subject to meeting IEEE Xplore's scope and quality requirements. The format of the paper should follow the IEEE conference paper style.

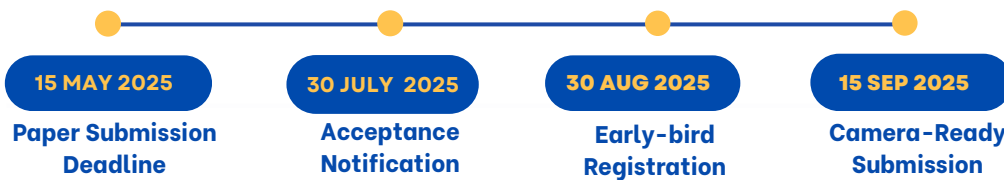

POSTER PRESENTATION

- Students, young professionals and early career researchers are invited to submit emerging research work or technical project for Poster Presentation.
