

Physics Summer School list of experiments

Sr. no	Experiments
1	The Secrets of Reflection & Refraction
2	Mapping the Magnetic Web
3	DIY Electromagnetic Compass
4	The Photoelectric Phenomenon
5	Decoding Resistor Colors and verifying using DMM
6	The Art of Micrometer & Caliper
7	Exploring Total Internal Reflection
8	Simple vs. Compound Pendulum
9	Height by Motion Laws
10	Series vs. Parallel circuits
